

## 2. Online Quiz System

The screenshot shows the Azure DevOps interface for the 'Online Quiz Management System Team'. The left sidebar contains navigation options: Overview, Boards, Work items, Boards, Backlogs (selected), Sprints, Queries, Delivery Plans, Analytics views, Repos, and Pipelines. The main area displays the Backlog with a table of work items. The table has columns for Order, Work Item Type, Title, State, Effort, Business Area, Value Area, and Tags. The work items are organized into three Epics: Customization, Notifications & Communication, and Gamification & Engagement. Each Epic contains several User Stories and Features.

Order	Work Item Type	Title	State	Effort	Business Area	Value Area	Tags
1	Epic	Customization	New		Business		
	Feature	Custom Quiz Themes	New		Business

3	Epic	Gamification & Engagement	New		Business		

The screenshot shows the detail view of a User Story in Azure DevOps. The story is titled '29 As an admin, I want to customize the quiz interface theme so that the system matches my institution's branding.' The story is in the 'New' state and is associated with the 'Online Quiz Management System' area and 'Online Quiz Management System\Iteration 1' iteration. The story has 0 comments and 0 tags. The 'Description' field is empty, with a placeholder 'Click to add Description.' The 'Acceptance Criteria' field contains the text 'Given that I access the settings, then I should be able to change the quiz theme colors and logo.' The 'Discussion' field is empty. The 'Planning' section shows 'Story Points' as 2 and 'Risk' as 'Low'. The 'Classification' section shows 'Value area' as 'Business'. The 'Deployment' section contains a message about tracking releases and turning on deployment status reporting. The 'Development' section contains a message about linking an Azure Repos commit, pull request, or branch to see the changes.

**User Story 29**

29 As an admin, I want to customize the quiz interface theme so that the system matches my institution's branding.
